MULTIPLICATION NETWORK MINISTRIES

# 2017

ANNUAL MINISTRY REPORT

During 2017, Multiplication Network Ministries (MNM) continued to see the vision of “a healthy church representing the Kingdom of God in every community” being realized. Because you gave, MNM is moving forward.

God’s Word says to “**write the vision**” and “**make it plain.**” MNM continued to write and refine new materials for training thousands of new church planters, “**so they may run...**” into fields ripe for harvest. Module M, focused on followers of Islam, was finished in 2017.

God’s work has continued to expand into new countries. It is because of the Lord’s blessing and your generous support that we strategically moved closer toward the goal of ministry in 50 countries by the close of 2020.

6,078 church planters were active in planting a new church or completing their training. We received many stories of people coming to know Jesus through a local community of faith — His Church.

We have witnessed many amazing instances of people’s lives being transformed by the gospel of Jesus Christ.

## Write the vision— Make it plain.

Multiplication Network Ministries (MNM) equips local leaders who understand their culture, language, and social networks. This empowers them to share the gospel and train church planters more effectively. This transition from what has been the usual practice in typical global mission efforts has proven to be highly effective.

We train the trainers for entire denominations and associations so these workers can, in turn, train other church planters.

This approach allows us to reach many more people with our training as we multiply.
